POLICY STATEMENT

Vetus Schola is a Latin reference to a group of elite soldiers who do things the tried and tested way. In living up to our name, our team makes use of the latest equipment and vast collective expertise to adapt to the security needs of a variety of clients

VISION

VETUS SCHOLA PROTECTION SERVICES'S vision is to become the leading total risk solution and security service provider internationally by aiming:

- To build long term relationships with our clients and human resources based on trust, honesty and value for money, with continuous delivery of service excellence unparalleled by any other.
- Based on our concrete foundations of hands on management, commitment to exceptional customer service and pro-active approach, VETUS aims to claim a significant market share within the industry and lead by example.

MISSION

VETUS SCHOLA 'S mission is to create value for its customers rendering comprehensive, cost-effective business solutions and security services.

We, at VETUS SCHOLA strive to provide our clients:

- Total, effective risk solutions and services
- The highest degree of professionalism and integrity at all times.
- Best interests and promote a positive image through our actions and attitude.
- A tangible difference from the industry norms, adding value to our clients and contracts.
- Effective and pro-active risk reporting initiatives.
- Qualified and dedicated support teams.
- Building long term mutually beneficial relationships.

7. VETUS SCHOLA U.A.E. STATIC PROTECTION

VETUS SCHOLA U.A.E. Guarding Division was founded when the demand increased for a guarding service provider which is focused on service excellence, value for money and committed to both clients and staff.

Range of Services:

- ▶ Guarding Services
- ▶ Armed Response
- ▶ VIP Protection
- ▶ Events Management & Security
- ▶ Specialized Training (Police, Military, Counter terrorism, Investigations, VIP Protection)
- ▶ Technical Division including the Supplying, Installation, maintenance and Implementation of all peripheral and monitoring security systems, including biometrics and access egress controls.

Value Added Services:

- ▶ Integrated Electronic Security systems, including CCTV and Access Control
- ▶ Pre-employment vetting and screening, including truth verification
- ▶ Incident Specific Investigations
- ▶ Electronic incident management systems
- ▶ Control room operator training and audits
- ▶ On-line verification services, Criminal record check, Confirmation of formal education and previous employment record and full company background checks.

2. CLOSE PROTECTION

Each client and assignment is unique. We therefore prepare a thorough risk profile in each case to assess the level of service required. Such a profile applies to anyone from tourists on holiday to diplomats on assignment. In each instance, we tailor our services to the specific needs of the client, depending on their profile.

3. INTERNATIONAL PROTECTION

Our team has experience and contacts internationally, this enables us to be able to work wherever we are required with access to top-notch resources. Over the years we have forged strategic alliances internationally that we can rely upon at any time for discrete support. This way wherever our clients go and whatever they wish to do, we can make it happen safely.

4. ELECTRONIC COUNTER SURVEILLANCE (ECS) & INVESTIGATIONS

We undertake large and small assignments that are overt or covert using the appropriate level of field operatives and technological support. Whenever we commence with an assignment, we focus on the results and seek to arrive at a solution for our client with maximum efficiency and the minimum amount of disruption.

5. MEDICS

On any assignment we have trained medics we can deploy should the situation require it. For your safety we make sure we have such capabilities on standby whenever you need them and we feel they should be there.

6. TRAINING

We will undertake to train no less than a team of 12 people to a particular level of proficiency in any particular field of security. If a certain level of certification is required or specialized skills are needed we will adapt the course and personnel to cater for those needs. Given our vast skills set, extensive experience and up to date technology we are fortunate enough to be able to do this with ease.

WE ARE COMMITTED TO

Implementing and maintaining a formal Quality Management System to develop a culture of continuous improvement that will focus on the needs of our customers and to provide them with acceptable products and services.

Ensure that this policy is communicated and understood within our organization and that it is reviewed for continuing suitability.

Ensure the provision of adequate and trained resources to achieve our customers' needs and expectations as well as organizational goals.

Assess and review our quality objectives, as defined in our business plan, customer needs and expectations and organizational goals to ensure the continuous improvement of our organization to the satisfaction of all stakeholders.

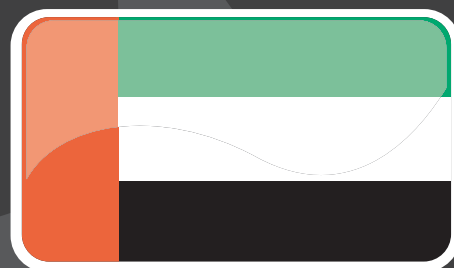

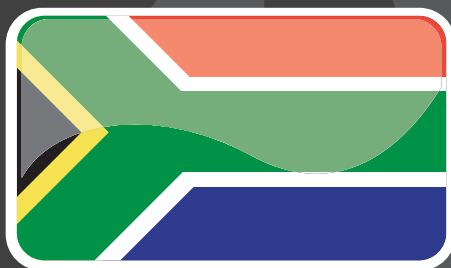

In pursuit of this Policy, we will ensure that all the stakeholders are committed to the achievement and maintenance of our Quality Management System.

VETUS SCHOLA U.A.E

Vetus Schola U.A.E. (VS U.A.E.) was established when the need within the corporate market for a service analyzing the operational risks of business' including but not limited to warehouse and distribution management, corporate, residential, retail and industrial security requirements, etc.

With intensive risk analysis of such operations, VETUS SCHOLA U.A.E. would not only highlight such risks, but also provide cost effective solutions for such companies/clients.

VETUS SCHOLA has subsequently, in addition to the risk management and electronic security services, expanded, including a unique guarding service and Close Protection division within the company.

VETUS SCHOLA has furthermore formed strategic business partnerships internationally to ensure the provision of a "TOTAL SOLUTION" for our clients, guaranteeing value for money, significant return on investment and service excellence above all. VETUS SCHOLA South Africa and TETRA GULF U.A.E have formed a strategic Joint Venture in U.A.E to Deliver Expert Cost effective Services from Security to Cleaning and Facilities management In United Arab Emirates
